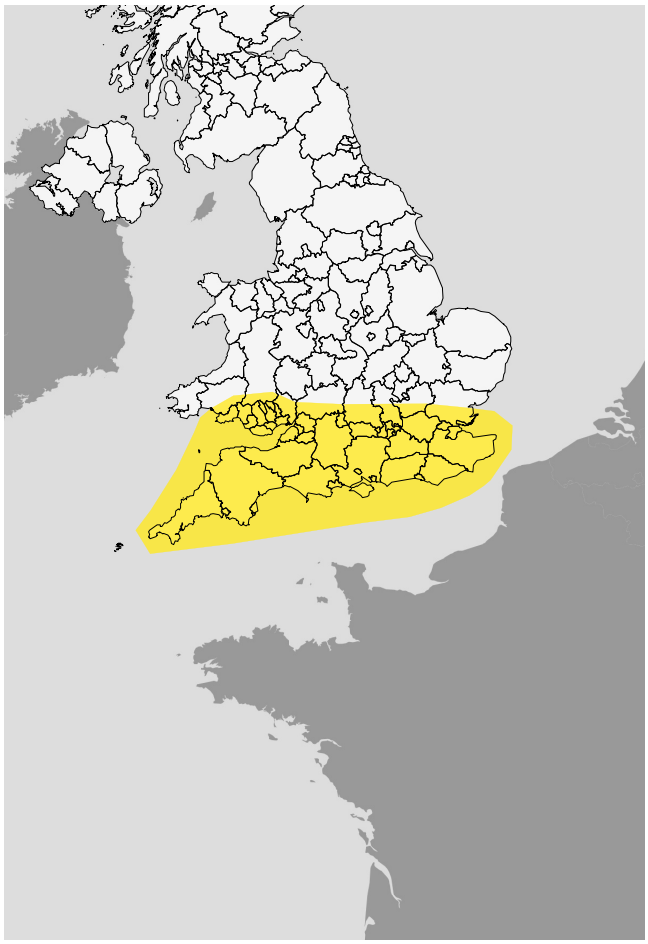
Yellow warning
Rain

Between
23:00 Sat 30 Oct 2021 and
15:00 Sun 31 Oct 2021



A short period of heavy rainfall and possible squally winds may bring some localised flooding and transport disruption.

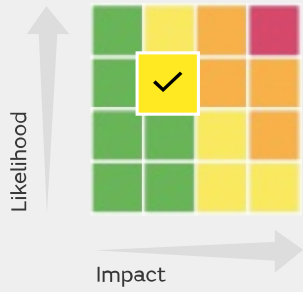
What to expect

- Flooding of a few homes and businesses is likely
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer

Further details

A band of rainfall will arrive across southwest England and Wales shortly after midnight and then push quickly northeastwards before finally clearing from Essex and Kent by late afternoon.

Some locations will see 20-30 mm of rainfall within 2 or 3 hours, perhaps a large proportion of this in less than an hour. This will be falling on near-saturated ground, so is likely to cause surface water flooding in places.



Medium likelihood of low impacts

Issued at 10:50 Fri 29 Oct, 2021 Updated at 17:11 Sat 30 Oct, 2021

Yellow warning
Rain

Between
23:00 Sat 30 Oct 2021 and
15:00 Sun 31 Oct 2021

Further Details (continued)

Strong winds will gust into the 40s of mph for many, especially close to coasts, but in a few places they may reach between 50 and 60 mph. This could perhaps cause some additional disruption, and adds to the very poor travelling conditions .

Reason for update

Increased emphasis on strong, squally winds for some locations. Slightly earlier start time.
